

HAPPENINGS AT THE PARK

The SCA comes to Memorial Park

Volume 1, Issue 2, July 2005

The Student Conservation Association's 'Summer Green Teams,' sponsored by Exxon Mobile, is a six-week outdoor service program for local high school students. SCA students from the Houston area came out to Memorial Park on July 11th to help us build a 300 foot long crushed granite trail along the south side of

Memorial Drive, a priority project

of the **Memorial Park Conservation Master Plan**. This trail will become a dedicated and well maintained route for joggers, hikers and bicyclists. The students also spent several days removing hundreds of invasive plants from this area of the park and restoring three degraded trail areas along the Green Trail. Thanks to our wonderful volunteers from the SCA for making Memorial Park an even better place for all Houstonians! [Click here](#) to find out more about the SCA's Green Teams Program!

The SCA Green Team officially opens the Crestwood Trail.
